

2022 AMPO Annual Conference Health and Safety Protocols

At the 2022 AMPO Annual Conference, your health and safety is our priority. AMPO is committed to providing a safe and inclusive environment for all event participants. To prevent the spread of COVID-19 and reduce the potential risk of exposure to all attendees, we have implemented the following Protocols.

We are asking all attendees to accept and acknowledge, and fully comply with all health and safety protocols outlined in this Health and Safety Acknowledgement Form. By registering for the annual conference, you are agreeing to follow these COVID-19 protocols as a condition of your participation, attesting to:

- Vaccination by at least one approved vaccine or
- Mask recommended for unvaccinated attendees
- If not feeling well or have had exposure to someone who has tested positive will not attend the conference
- Follow sanitization and cleaning procedures as outlined by the CDC

AMPO is working closely with the Marriott Hotel to maintain an operational plan designed to maximize the health and safety of everyone. If at any point during your time at the conference you do not meet all the above criteria, or you test positive for COVID-19, please notify AMPO staff, and you may be required to isolate, relocate, or be asked to leave at your own expense.

Face Masks

Face masks are recommended for unvaccinated attendees. Fully vaccinated individuals are not required to wear a mask, but may consider wearing one in public indoor settings or individuals may choose to continue using face coverings based on their personal preference.

Hand Sanitizing

AMPO is working with the Marriott Hotel to implement cleaning and sanitization standards that meet the recommendations of the CDC. It is the responsibility of everyone to maintain personal hygiene, including washing your hands frequently.

Social Distancing

AMPO is working with the Marriott Hotel with capacity management and physical distancing in mind. Face Masks will be available. Operational adjustments may occur throughout the event.

Please note: The guidelines in this document are based on information currently available regarding the behavior and characteristics of the COVID-19 virus, public health information and local or state guidelines with respect to large gatherings in any particular community.
