

AMPO Annual Awards: Let's Celebrate Innovation & Impact! 🎉

Think you—or someone you know—has made waves in transportation planning? It's time to shine the spotlight! Each nomination should highlight at least **two** of these standout qualities:

- **Innovation**

Got a game-changing idea? We're looking for fresh, creative approaches that have **transformed** transportation planning—whether it's a bold new concept or a clever spin on making things happen.

- **Impact on the Profession**

Your work doesn't just change roads—it changes **communities**. How does your effort set the stage for other MPOs? We want to know how your project or plan advances **smart, effective planning** for everyone.

- **Implementation**

Ideas are great—but **action is everything**. How did you take a vision and turn it into reality? Tell us about the steps you took to build momentum and gain public support!

- **Coordination**

Great projects don't happen in a vacuum. We want to hear about the **powerful partnerships** that helped your effort succeed—whether that's working with local officials, agencies, or community leaders.

A Few Important Details

- ✓ The project or work must have taken place in the last **four years**
- ✓ **Self-nominations?** Totally fine!
- ✓ We'd love to see award winners at the **AMPO Annual Meeting** in Sacramento, CA (Sept 14-18)
- ✓ Awards are based on nominations—**not every category may have a winner**
